

September 5, 2020

Dear RH Kids Parents,

As you've probably heard by now, Rising Hills Kids is back! I'm sure you have many questions and I hope to answer most of them through this communication. However, should you have additional questions, please do not hesitate to contact me.

As you will learn through the enclosed document, we have been blessed to rent a building which is located very close to the church property. Being "off-site" requires we be very strategic and disciplined in how we conduct our Sunday morning Rising Hills Kids activities; your understanding and commitment to the policies and procedures will be key to our success and ability to offer these services to you and your family.

The "Know Before You Go" document outlines detailed instructions for you and your family; however, I want to assure you that myself and all volunteers will also be completing weekly check-in cards and signing an acknowledgement of policy and procedures document.

Additional steps we are taking:

- Rising Hills Volunteers will sanitize before your children arrive and at the conclusion of our rental on Sunday mornings.
- Elementary students will receive individual folders with items they need for the morning to prevent the need to share.
- Snacks will continue to be provided; however, only individually wrapped items will be served including bottle or bagged water for the older children.
- Two members of Rising Hills Security team will be on premises with us each week.

It's been a long six months; I am looking forward to seeing everyone on Sunday!

In His love,

D'Lynn
